## Key features of the Plan

- Choose a mixture of cover levels to suit your business needs and budget, for two or more employees. The plan will last for 12 months (unless otherwise agreed) and is subject to annual renewal thereafter.
- Available if your business is registered on Companies House or with HMRC for self-assessment - the plan will be paid for from a UK business bank account and the business pays the cost per employee and is not recovering any portion from its employees.
- The price is the same for all employees aged 16-69 years based on their plan start date (cover continues beyond age 70 once on cover) and all applicable taxes are included.
- Pre-existing conditions are supported by 24/7 GP service and Health at Hand nurses. Physiotherapy, diagnosis and hospital treatment are only available for new conditions the patient hasn't had symptoms, advice, medication or treatment for within the last three years. More details provided under "What's NOT included in the Equipsme health insurance plan".
- When it comes to cancer, fast diagnosis is the key to getting the treatment you need quickly, so plans starting from £22 pppm include cover up until cancer is diagnosed. Once cancer is diagnosed, you can get help and support as you return to the NHS for treatment, if required.
- Cover available for residents of England, Wales, Scotland and Northern Ireland only - Channel Islands, Isle of Man and Jersey are excluded.
- Stress support at £1.50 pppm and Dental & Optical at £12.00 pppm are options available to businesses to add across the plan for all included employees.
- Employees can upgrade between levels by paying separately within the annual 21 day selection window before the plan starts and at renewal. Employees can add family members at any time during the plan period.
- Employees can add partners for the same monthly cost and up to 6 children aged under 25 for 50% of the monthly cost.

## What's NOT included in the Equipsme health insurance plan?

Like any plan that includes insurance benefits, the Equipsme health insurance plan is about protecting your employees if the unexpected happens, and to help put things right. This means that the plan can't cover everything and so we have highlighted key exclusions here that apply to the Physiotherapy, Diagnosis and Treatment insurance cover only (ie, they do not apply to the GP access, Health Check and optional extra benefits).

Brand new medical conditions are covered as long as they continue to respond to treatment but the plan won't cover the Physiotherapy, Diagnosis or Treatment cost of any health problem that anyone included under the plan already had symptoms of in the last three years – what we call "pre-existing conditions". A pre-existing condition is any disease, illness or injury that members:

- have received medication, advice or treatment for in the three years before the start of cover, or
- have experienced symptoms of in the three years before the start of cover; whether or not the condition was diagnosed.

When a newborn baby is added to the plan, if that baby was born after fertility treatment, following assisted reproduction (such as IVF), or has been adopted, the definition of pre-existing condition is extended to also include any medical condition present from birth.

This means that if Physiotherapy, Diagnosis or Treatment is required members may need to provide more detailed information to make sure the condition isn't pre-existing. In some cases, a further medical information form may need to be completed. Or if a member's NHS GP needs to send more details about the medical condition, the member may need to give consent for access to their medical records.

Other important exclusions to be aware of include:

- Treatment of Cancer – the plan does not cover the treatment of cancer. However, members on cover Level 1, 2 or 3, have cover up to the point at which cancer has been diagnosed so we can help find out what's wrong fast
- Pregnancy and childbirth – but the plan will pay to treat certain medical conditions that arise during pregnancy (depending on cover Level including Treatment)
- Ongoing, recurrent and long-term conditions – we call these "chronic conditions"
- Treatment received outside the UK
- Mental health conditions – the plan does not cover the treatment of these conditions but if you have included the Stress Support extra cover, we can help with telephone and face-to-face counselling

We've listed the most significant things here. Full contractual information regarding the insurance cover and non-insurance services is provided in more detail in the following documents:

- The Company Guide and Agreement and the Company Schedule (for you as the company buying the plan)
- The Membership Handbook and the Membership Certificate (for employee members you include under your plan)

## How can the plan be cancelled?

Employers can cancel the plan without charge during the cooling off period (14 days from the start date in the company schedule or the day on which the plan documentation or renewal documentation is received, whichever the later). After the cooling off period, we will charge the premium due from the start date or renewal date to the cancellation date.
