

Testimonials

Hear from some of our clients, and some of the members we've helped along the way.

Client story - UK Power Networks

"Equipsme was the nearest fit to getting full-blown Private Medical Insurance for every single person in our organisation, without breaking the budget."

UK Power Networks, the largest electricity distributor in the UK, has partnered with Equipsme to offer GP access, physio, and private diagnosis and treatment services to more than 5,000 frontline staff.

Client story - Imerys

"When we looked at what the market was offering, Equipsme was the only solution that would give us health insurance at a realistic price point for every employee."

Imerys employs c1,000 people across the UK, including at world-class open-pit mine sites. We've worked with them to spread the word about Equipsme to a workforce who don't sit in front of computers, and aren't familiar with PMI.

Client story - Cottsway Housing

"For us, it was really important that we could keep health insurance in place for the whole workforce and maintain it for the long term – and with Equipsme we feel we can do that."

Cottsway Housing Association were looking to re-vamp their benefits, move away from their legacy PMI plan and find cover that could work for their 170+ staff.

Member story - Cancer diagnosis

"With Equipsme the diagnostic process was just so swift. It meant my brain tumour didn't have time to get worse, and I have years and hopefully decades I maybe wouldn't otherwise have."

When a suspected ear infection turned out to be a brain tumour, we helped one of our members get the surgery they needed within a fortnight.

Member story - Heart operation

"I really don't know where I'd be if I hadn't had my Equipsme plan to turn to. I'm like a new man after my heart surgery. So thank you Equipsme for giving me my life back!"

After two failed heart operations on the NHS, we helped one of our members get to one of the top heart surgeon's in the country, and get back to his family, hobbies and job.

Member story - Knee trouble

"With an Equipsme plan, you've got that peace of mind that there's somewhere else to turn to. For the price of a coffee a month you can't go too far wrong, in my opinion!"

Having had previous joint replacements on both knees in 2019 and 2020, one of our members turned to Equipsme for help when more knee trouble started in 2025.

Terms and conditions apply: Such as the exclusion of pre-existing conditions for Physiotherapy, Diagnosis and Treatment and the exclusion of cancer treatment. Find out more here: www.equipsme.com/our-health-insurance-plans
